

## Meridian Waste Continues Aggressive Acquisition Grow in North Carolina

### Two Simultaneous Deals Place Meridian Waste in the "Heart of North Carolina"

Greensboro, N.C. (March 7, 2022) – Meridian Waste, an integrated, non-hazardous solid waste services company, announced today it closed on the purchase of Pinnacle Waste, LLC and Triad Waste, LLC, located in Goldsboro, NC and Sanford, NC respectively. Meridian Waste will operate out of Chatham County situated between two of the state's three largest centers of population and commerce, the Triangle Region and the Piedmont-Triad region. The closing on both acquisitions was effective March 1, 2022.

The acquired assets from Pinnacle Waste include an operating construction and demolition (C&D) transfer station including corresponding heavy equipment and tractor-trailers, roll-off trucks, containers, and commercial contracts. Meridian Waste will operate its new hauling company including the Chatham C&D Waste & Recycling transfer station from the former Pinnacle location at 13415 Highway 421 North in Goldston, NC. The frontload and roll-off trucks including container assets acquired from Triad Waste will be relocated to the 13415 Highway 421 North hauling facility. Operational and office staff members have transitioned to Meridian Waste. The combined service area from the two acquisitions include Chatham, Lee, Harnett, Moore and Orange counties.

"North Carolina has proven to be a great state for Meridian Waste to grow and prosper," said Walter "Wally" Hall, Chief Executive Officer of Meridian Waste. "In the summer of 2019, Meridian Waste moved its corporate headquarters from Georgia to Charlotte, NC. The move has paid off substantially in terms of our ability to recruit quality team members for our home office as well as identify and purchase quality environmental companies to expand our geographic footprint. We have also enhanced our financial and operational performance," said Hall. "The Pinnacle and Triad Waste acquisitions are our most recent examples of North Carolina opportunities that have allowed Meridian Waste to benefit from the assimilated companies' solid base of business built and serviced by incredibly committed employees."

The terms of the asset purchase agreements remain private. This marks Meridian Waste's fifth and sixth acquisitions in North Carolina and the twenty-first and twenty-second acquisitions since the company transitioned to private stock under the ownership of Warren Equity Partners (WEP) in April 2018.
