Construction Waste & Recycling Services

Tate SERVICES

A **MERIDIAN WASTE** Company

Tate Services, a Meridian Waste company, provides construction waste and portable equipment services across the Huntsville area. We support both ongoing operations and short-term projects with dependable next day service, flexible options, and a local team focused on getting the job done right.

- Service options for construction sites, renovations, special events, and short-term projects
- Designed for contractors, developers, project managers, short-term projects, and DIY enthusiasts.
- Flexible service schedules Monday–Saturday. (Sunday service available upon request.)
- 24/7 access to e-service via MeridianWaste.com
- Available project-site source separation of C&D debris materials to be used for alternative or recycled purposes, especially important for LEED certification and green building.

FREE CONSULTATIONS

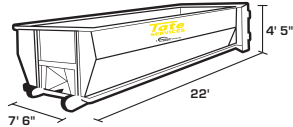

From the very first call, we *partner with you.*

Contact a local/live Huntsville team member to request a quote or discuss your service needs. We'll review your site or operation and recommend the right solution.

ROLL-OFF CONTAINER RENTALS

PORTABLE TOILETS, SECURE STORAGE CONTAINERS, AND PORTABLE OFFICES

Portable Toilets

- Regular, flushing, and ADA wheelchair-accessible models, with or without sinks. Suitable for any type of use, including special events.
- Hand wash stations (a stand-alone sink)
- Hand sanitizer dispenser (an option on any portable restroom)
- 250 gallon holding tanks

Portable Storage Containers

Weather and vandal-resistant portable storage containers manufactured from 100% corrugated steel with a single door opening on the end. Great to securely store equipment, inventory, and supplies.

SIZE: 20 ft. (8' x 8' x 20')

Luxury Restroom Trailers

For added comfort and ease, our restroom trailers deliver next-level features ideal for weddings and special events at businesses/municipalities. Short term and long term rentals available.

- Built-in climate control (AC/Heat)
- Individual stalls and flushable toilets
- Separate layouts for Men & Women
- Electric lighting
- Mirrors & sinks
- Skylights
- Built-in trash receptacles

NOTE: Electrical hookup required for all features to work properly.

NOTE: Available equivalent-volume containers may sometimes vary slightly in design and exact W x H x L dimensions from examples illustrated.
